

ENJOYMENT MEASURED IN  
**SMILES  
PER HOUR**

**At over 50 prestigious venues across the UK**

**ALL TOGETHER  
ACTIVE**

A week in the school holidays at Kings Camps allows children to be children, no social media pressure, and no family conflict! Since 1991 we've been getting kids active, enjoying sport and making friends. Our amazing team (handpicked from 15,000 applicants) have an energy, passion and enthusiasm - we call The Kings Factor®.

We're a non-profit organisation and we work internationally to get children active, often with the most disadvantaged. By choosing us, you're investing in your child and children across the world.

**KIDS  
ON THE GO,  
YOUR MIND AT REST**

As well as getting kids active, we keep them safe. We're inspected by Ofsted, and all our staff are DBS checked. We're also recipients of the The President's Award from the Royal Society for the Prevention of Accidents (RoSPA) for outstanding health and safety standards. But we're most proud of the feedback we receive from parents. On independent ratings site Feefo, we have 98% positive ratings each year. Go on, take a look for yourself.

# FUN, ACTIVE AND INSPIRING

## ENERGISING CHILDREN

Our programme is designed to inspire a love of being active, to develop kids' confidence and to be heaps and heaps of fun. Children are always with others of a similar age so friendships grow too.

In our Multi-Active sessions primary age children enjoy well-known favourites and exciting new activities (with multiple swim sessions at venues with a pool). You'll soon know all the chants and cheers when they come home singing.

## SPECIALIST COACHING

For budding football and cricket stars, we offer International Soccer (ISS) and International Cricket (ICS) Schools in the morning. Our coaches are big hitters in building kids ability and confidence, whatever their age, level or experience. As well as games, chants, challenges and international coaching techniques, there's a fantastic sporting carnival to enjoy at the end of each week.

My son attended summer, and again in October, and the difference in his spirit is amazing. He's changing from the little man who thinks "I can't", to the little man who thinks "I can and I will"

Jan from Aberdeen

## TEEN PROGRAMMES

New for 2016 – the Rookie Programme starts from age 12 and in addition to enjoying games and sports, teens on our Rookie Programme get the opportunity to lead sessions and choose their activities.

At 14, teens have the option of joining the Rookie Leadership Academy where they plan and deliver sport sessions alongside our coaching teams. With a structured programme of learning, Rookies are recognised by universities and employers as young people that have a commitment to their personal development.

## HERE TO MAKE YOU SMILE

Whatever questions you might have we're here to help! Where do our camps operate? What activities are on offer? When can you pick-up or drop-off?

Our friendly team have all the answers.
